Conan Zhang

My name is Conan Zhang, from Canada. I am 7 years old. I started playing tennis since July 2021. I LOVE tennis and willing to work super hard to achieve my big dream - become a champion in US Open!

For 7 months now since I started, I am spending hours and hours everyday on court as long as the weather permitted and fitness training off court. I am able playing with regular yellow balls with strong and nice both forehand and backhand. Currently I am the youngest in my club but I want to be the best!

Even though I am only 7 years old, I already know and working on what is gonna take in order to achieve my goal - Hardworking, Consistent, Humble, Battle Spirit, Mental strength and Body power. Whenever we are on court, I always make sure I focus on my training, push myself to next level. Because I believe "The real workout starts when you want to stop"!

I believe in myself, with the support of my family, I will try my best to make everyday count to achieve my dream!

Not sure if the first win or recent win is the most important. Seems the older I get the harder it becomes. Even though I'm an amateur and soon to be 66 years old, the game is still the same. 5 time club championship in 3 different states. Hoping to reach number 6 this year.

Karissa Brown

Karissa is a 14 year old all-star cheerleader. This is her 1st year in cheerleading. She started gymnastics when she was almost 6 years old. Her gymnastics career took her from recreational gymnastics to the Junior Olympic route, finishing level 7. Her accomplishments in gymnastics involved floor state champion and many 1st place

wins. After finishing level 7, she knew college gymnastics may be out of reach. At this time she wanted to take a new path and train for Acro and Tumbling. It is a newer sport offering gymnasts and cheerleaders new opportunities to continue in college. To learn how to stunt for A&T, cheer was a great avenue to take. She has attended a few

college A&T clinics, and takes a flight class to learn how to be a flyer. She plans on heading to Baylor University for their summer acro camp. Baylor being her dream school to become a surgical nurse. With her gymnastics career and now they next 4 years in cheer she hopes to be a well

rounded athlete who will be attractive to many A&T colleges. We are excited to watch her journey as she grows in the sport she loves.

What is a early morning on the golf course? Just amazing if you ask me. My biggest dream when it comes to golf is to be a scratch player. Now that is also my goal! I have played for two seasons now and I started on my backyard at home with plastic balls. Now I have got down to HCP 11.2. How do you ask? Practice! Every chance I get when it's season, I do practice.

When I had played half trough my first season, I started to make some content on my Instagram account. After a while I got an influencer title and I love it!

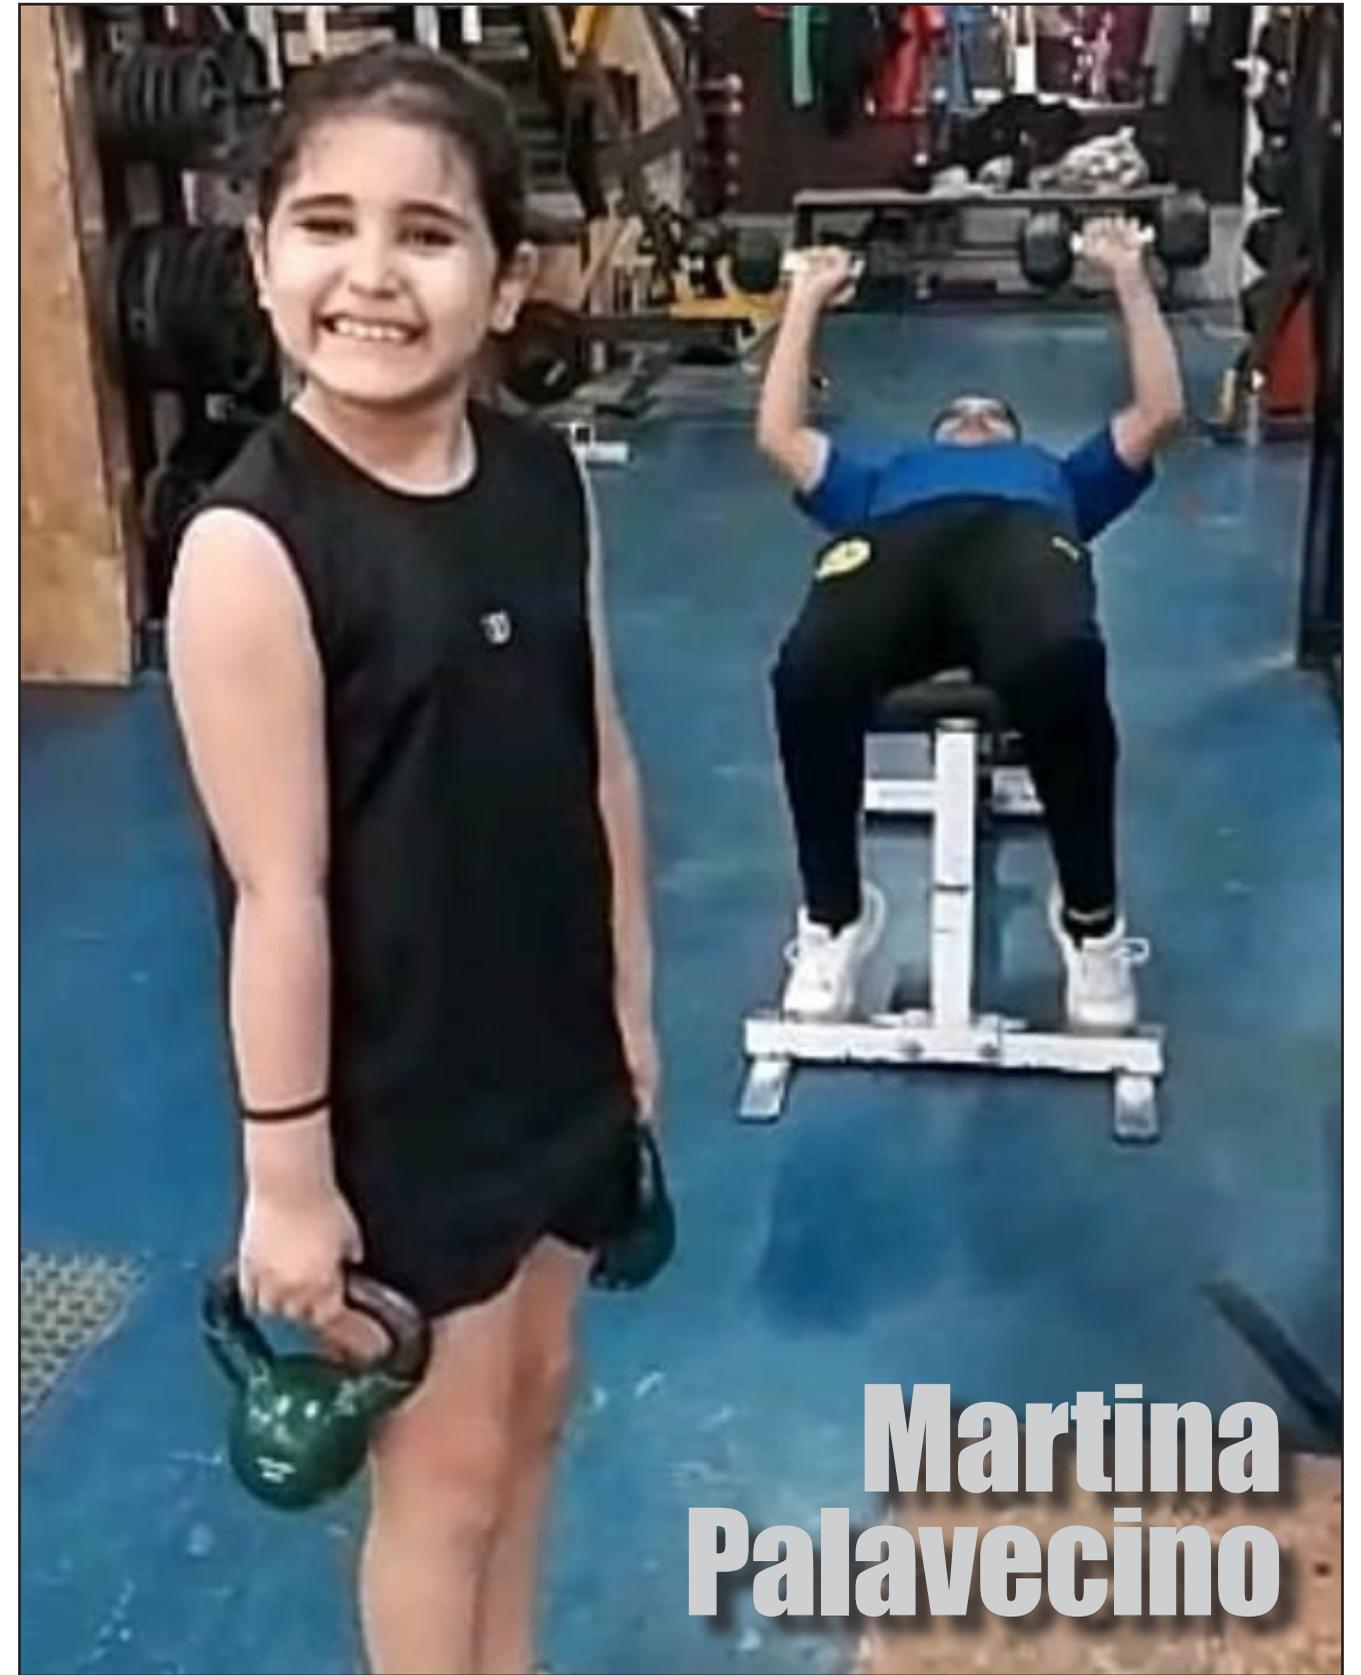

May the golf be with you.
