Jersee Jackson, 10 yr old footballer from Illinois. Football has always been my first and number one love. I have been playing competitive ball since The age of 5. Starting out I was placed on a team a year ahead of me, due to my skill and size. I have been doing agility and strength training for the last 2 years, which has become my love.

Moving forward my goals include D1 football with hopes of signing with an MLS team or Super League. To be able to continue to grow and learn the great game, I am currently doing 3 days a week agility and strength training, 2 days a week

technically/foot skills training, 2 days a week team practice and 1 day a week individual shooting training. I would love to do more if time enabled.

Last accolades: Illinois Jr Cup Champions, All-American All Star, All-American Golden Cup, All-American Super Cup, SuperCopa, 4 time Live 3v3 Championship.

I have always dreamt representing my country on national level and am leaving that dream at this very moment. My goals are simple every national player be it rugby, soccer, tennis or netball you always have that thought of when i make it to nationals next goal is to go internationally and make myself, my family and my country proud.

So far i have achieved my goal and dream of being a Namibian national rugby player for both the women's 15's and 7's rugby team which is a great achievement and a whole new journey for me and that i will continue to give everything to be there and make it to the international level that i want to be.

It was easy getting to where i am right now as i have come across a lot of people that didn't have faith in me and people that always discouraged me to stop playing and that it was a waste of time and that rugby wasn't gonna take me anywhere in life and the days when i had a tough training session or the coach was being hard on me and felt like giving up cause it was becoming tough day by day but encouraged myself to not give up and to keep pushing hard everyday as all my effort will pay off one day.

Zuzanna

Hi, I'm Zuzanna Wowra. I was born on 2015. I'm playing football since I was 1 year old. I love it! I'm training with older boys and girls. I'm taking part in many football tournaments also in U9. Often I'm taking an awards for the best player. It's the best confirmation for me that I'm training well. I have 5 trainings per week which including technical trainings and trainings with my 2 football clubs - only for girls and for girls and boys.

The most important tournament was Silesia Cup U9 where I was the youngest silesia-district representative because I had only 6 years then. And you know what? I scored a goal and my team won this tournament! That was really big for me because I was playing on Silesia Stadium in Chorzów where many times were playing football stars from all over the world... In 2021 I was having a title of Chorzów's Sport Talent 2020.

My last big achievement is a winning match on eliminations to Tymbark U8 - from the Field to the stadium. I scored 2 goals then. The final of this tournament will be on Match probably.

I'm small football girl right now but I have a big heart to play football and I know that I will be the best Women's football player in the world in the future 🙌
