German national team and Bayern Munich, Oliver Kahn, and I always want to be like him. It's my biggest dream, to be a legendary goalkeeper. My other goals are becoming the goalkeeper of big team, such as Bayern Muenchen, and Indonesian national team.

My first soccer school is SSJ Kota Bogor. I learn and play here for almost two years since 2018. In 2020, I move to Akademi Persib Bogor. Together with teams, now I have a total of twelve trophies and medals from 19 tournaments and 3 leagues in three years, since 2018. Aside from those, I also have four individual achievements. Those are being named as Best Goalkeeper in Kampiun Indonesia Tournament U8 2019, Young Goalkeeper U8 in Persija Goalkeeper Camp 2019, Best Goalkeeper in Indonesia Junior League U9 2020 week 4, and Best Eleven Player in Persib Academy League U10 2021.

The most memorable and prestigious achievement for me is being Best Goalkeeper week 4 and Most Favorite Goalkeeper in Indonesia

Junior League U9 2020. Making a variety of heroic saves like Kahn has no doubt made me a frequent talk of match commentators. All crew of IJL know me. They will all chant my name when I'm in the field. It become my additional strength, especially when I have to face penalty kicks. I even named as The King of Penalty, since no penalty goals conceded. I also being offered a sponsorship by a wonderful gloves brand, Defiance Gloves (now Just Defiance 1), after seeing my performance in this league.

Unfortunately, the club schedule doesn't match with my school. So I resigned from the club and become an open goalkeeper. But I still continue to train with my private goalkeeper coach and doing match with any team. Hope one day I'll find the way and my dreams come true.

**Raymundo**

Hi, my name is Muhammad Raymundo Yanis from Indonesia, called Raymundo. I'm ten years old. I started my journey as goalkeeper when I was just 7 years old.

Fall in love at first sight. Perhaps that is the most appropriate sentence to describe my reason stands in goal. Starting from trial and error or to be more precise with the needs of the team, I am increasingly determined to be the last line of defense. For me, the waves of the opponent's

attacks are like daily food. "Initially because in the team there were no goalkeepers, so I tried to keep the goal. It turned out to be fun and I like it even more now. Now I'm addicted, so I don't want to try other positions. Even though training as a goalkeeper, I think it's much harder than other positions, I have to be extra focused as a last defense. But it feels really good when I able to make a save."

I am crazy about the legendary goalkeeper of the

Hello, I am from Ukraine. My name is Nikita, I'm 8 years old. Ukraine is currently at war. And so now I can only dream that the war will end soon and my country will return to a peaceful life. Of course, in the future I want to become a professional footballer. I want to study at some of the leading children's football academies in Europe (for example, the Dutch Ajax Academy). My favorite football club is Spanish Barcelona. The best player for me is Ronaldinho Gaucho. I admire his mastery of the ball

and adore his fantastic feints. I study his technique very carefully and during my trainings I try to master his techniques. My dad helps me a lot in this. I am lucky that my dad is also my personal trainer, he has a relevant sports education and has a coaching license. I play as an attacking midfielder. My team is the team of the children's specialized football school "Zmina", which is based in the residential area of Obolon in Kyiv. I hope that my most important goals will still be ahead.

I've been in an academy since I was 7 years old. I've had many ups and downs am currently playing for Wolverhampton wonders under 10's.

The best feeling was getting offered a contract, I worked so hard pushing myself at every training session and working towards my goal. it's amazing the memories am making getting to see all the other academy's and playing a high level of football.

I have a saying "train hard, play harder"

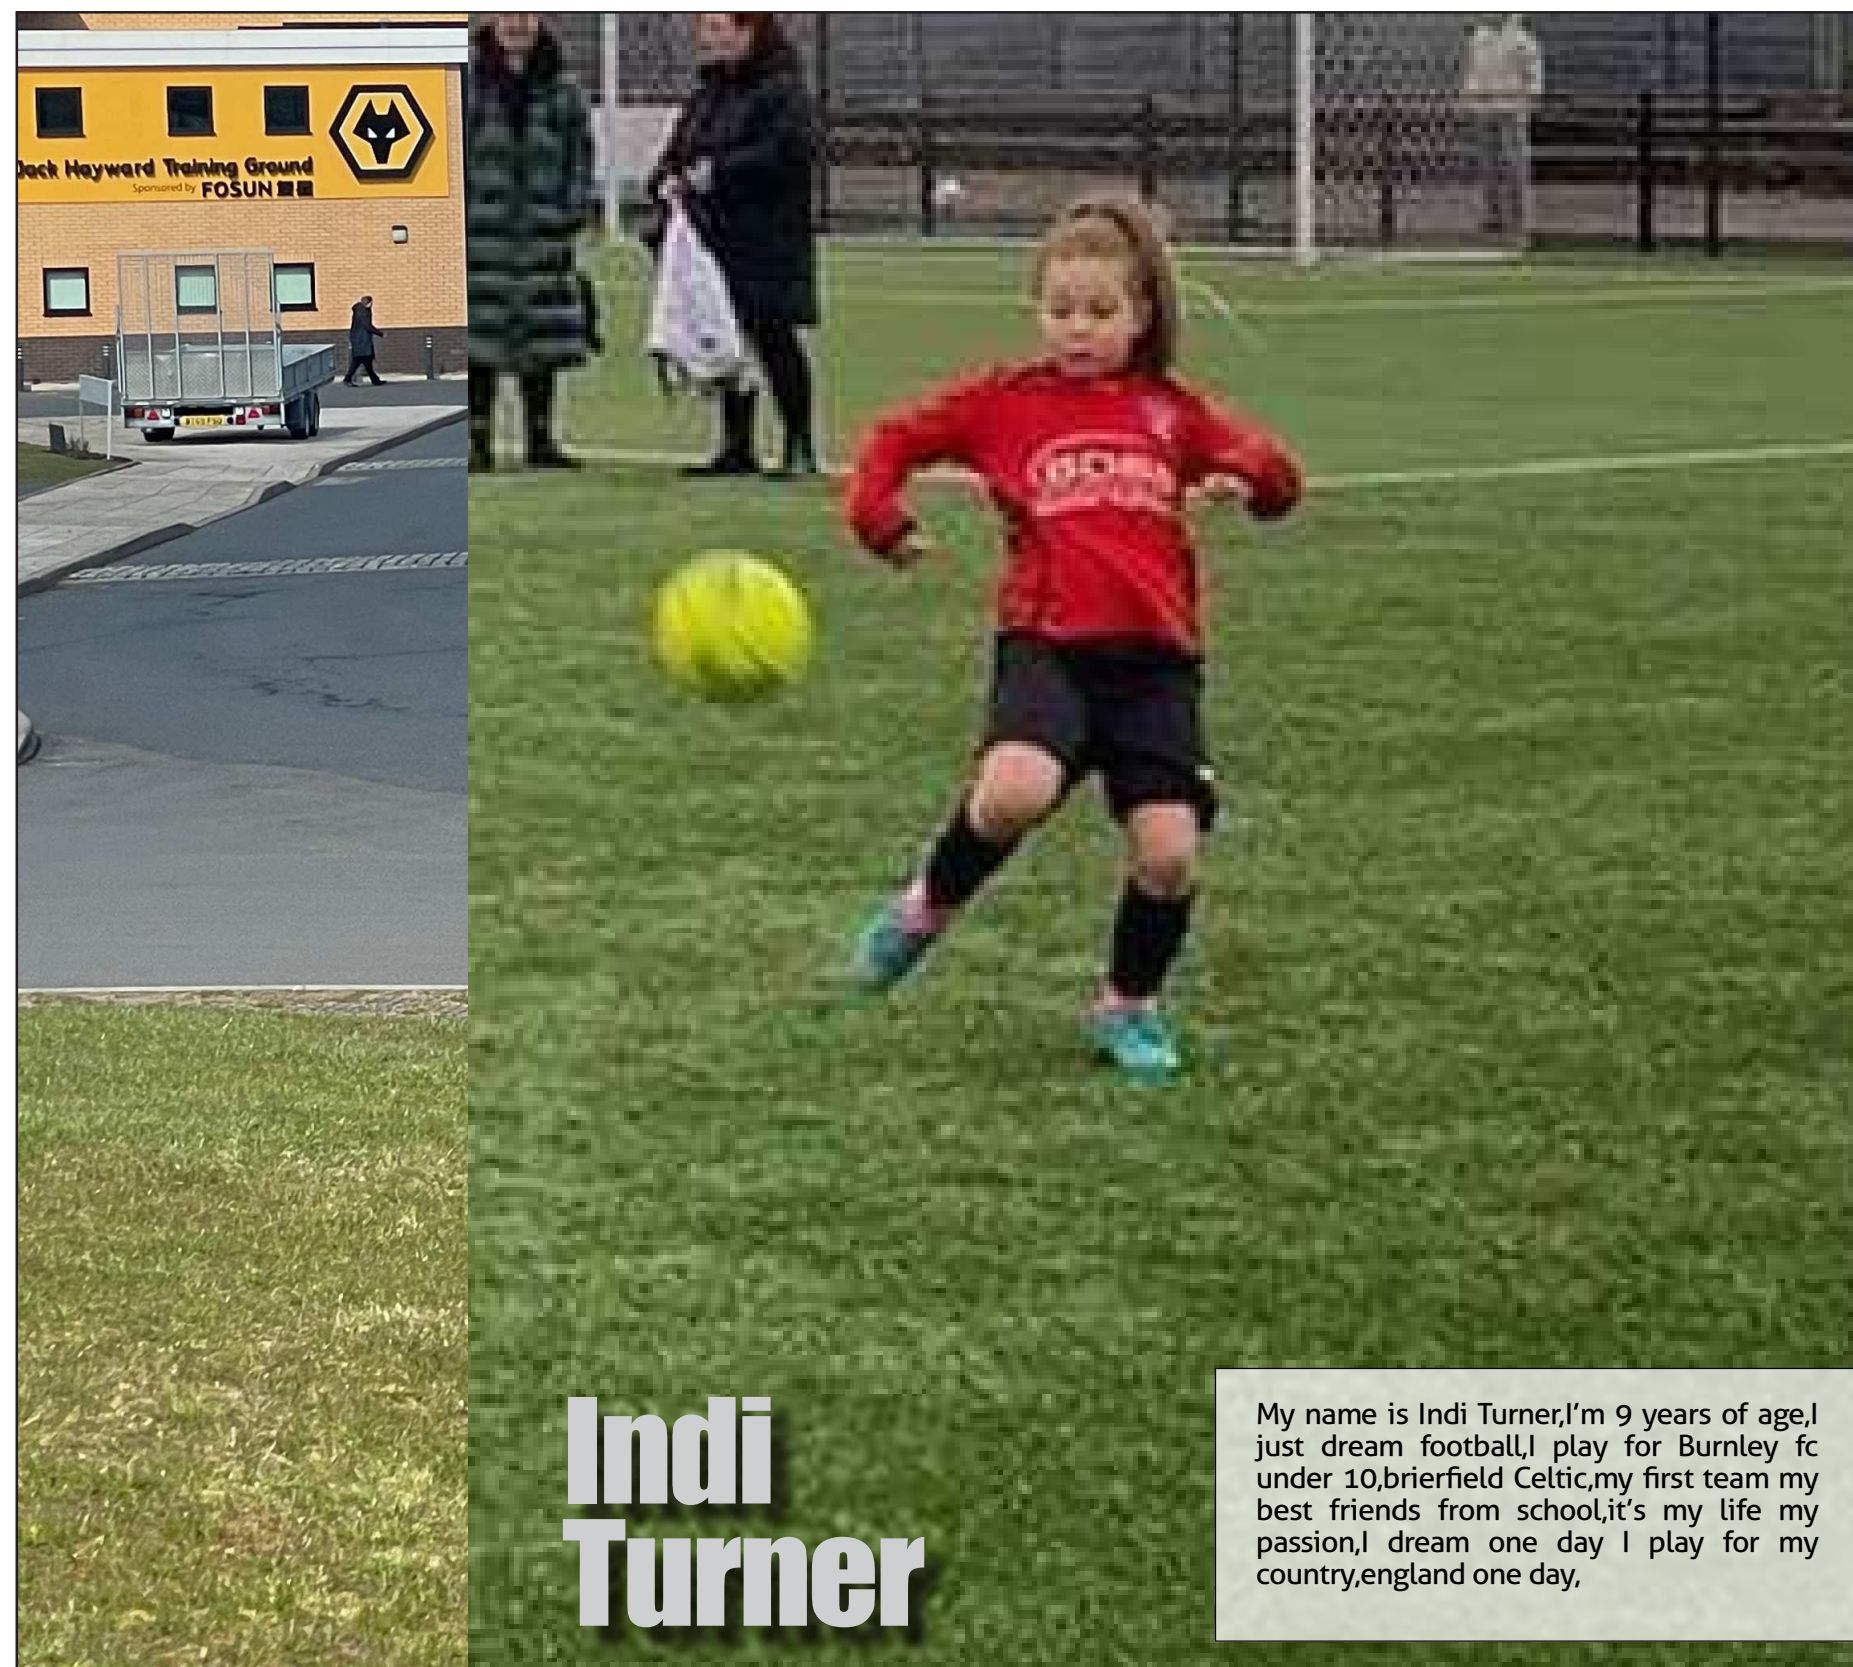

I would like to push myself to the top, am only 10 but my next aim is to work towards a scholarship.

The hardest challenge I've had so far is when covid hit, I made sure I was in my garden everyday working on my fitness.

Goal Keepers have to train hard for maybe one moment in the game.
