As a 7 years old I do have plenty of weakness since I'm small in size. But this won't stop me. Instead, I continue to work daily on my conditioning, ball handling skills, legs power, my mental ability to stay focused, my determination, my competitive spirit, and my ability to perform under pressure and the most important: Team Work

If you ask me what I enjoy the most as a Soccer player, is making new friends, bounding with my teammates inside and outside the field, spending

quality time with what my parents call it: my soccer family.

Thanks to my family (specially Daddy) that always support me, and to my friends and all my coaches: Everick Stoelwinder, Rodrigo, Jason and Connor you help me improve my game every day, thanks for your confidence and hard work. Steven "El Bicho" Rodriguez

I have won several tournaments and soccer leagues while playing Rec and many others playing competitive with Houston Dynamo Youth Academy such as 3v3 Dutch Lions U7/U8 2020, South Texas Spring Showdown U8 2020, 3v3 Turf Cup 2021, Houston Premier Cup 2021 among many others. However, what makes me prouder is being playing 1-2 years up since I started playing

soccer and still making my teammates to trust me on the field and making my coaches proud of the work they have put on me. My favorite soccer players are Neymar, Messi, Aubameyang, Mbappé, Ibrahimović and Debruyne. I look forward to be like them one day... like, being somebody' idol. That would be amazing.

My name is Steven Rodriguez and Soccer is my passion. I started touching the ball as soon as I could walk. My dad taught me to drill and I loved watching games with him. When I was 4 years old I played my first game and I loved it.

I started training in Pure Soccer Katy at 5 yo and my coaches helped me to improve my skills,

recognize my own strengths and weaknesses and to work hard for what I want to accomplish.

My goal is to become a professional soccer player and I am determined to reach my dream, therefore I practice several days a week and whenever I am at home I am practicing by myself.

My name is Ollie, I am 13 years old from England. I love football, I am an enthusiastic and dreamer footballer.

Hi my name is Eva and I am 11 years old.I live in Stoke-on-Trent,England.I play for Blurton Reds Emeralds and I go to Stoke City FC.I enjoy FIFA,photography and adrenaline tubing too.

In the holidays I go to soccer schools at Stoke City FC and I travel to Jill Scott's Academy in Manchester.I have recently become an ambassador for my favourite female brand Miss Kick and I was really lucky this week to attend their football camp with Calculated Performance in Stockport.I love to wear the brand and what it represents.

I love football and play every

day.When I'm not training or playing I like to watch the Lionesses,Everton and Stoke City FC.I enjoy FIFA,photography and adrenaline tubing too.

My proudest achievement was representing my school playing football and getting to the final last year with my team.

I love to learn new skills and use them in games.

My dream would be to play for England one day and to inspire younger girls to play football.

My dreams in life are to grow up and be a really good footballer. Sometimes I find it's challenging but I'm working on it day by day to do better. I have been to both Aston Villa and West Bromwich academy's , but have settled well at

Wolverhampton Wanderers Fc. One of my greatest achievements so far is having my name called out half time at the Aston Villa v Wolves game. That's a day I won't forget.

Lukas Brokaw

My name is Lukas Brokaw and I have been playing soccer since before I could walk. I was born in 2010, I am a midfielder, and someday you will hear my name at the World Cup.

My home town has not always had many options for soccer teams, but now has quite a lot. It has been difficult sometimes deciding which club would be best for helping me grow my game. I have had good teams and not good teams. No matter the result of the game, I always work hard to do my part for my team.

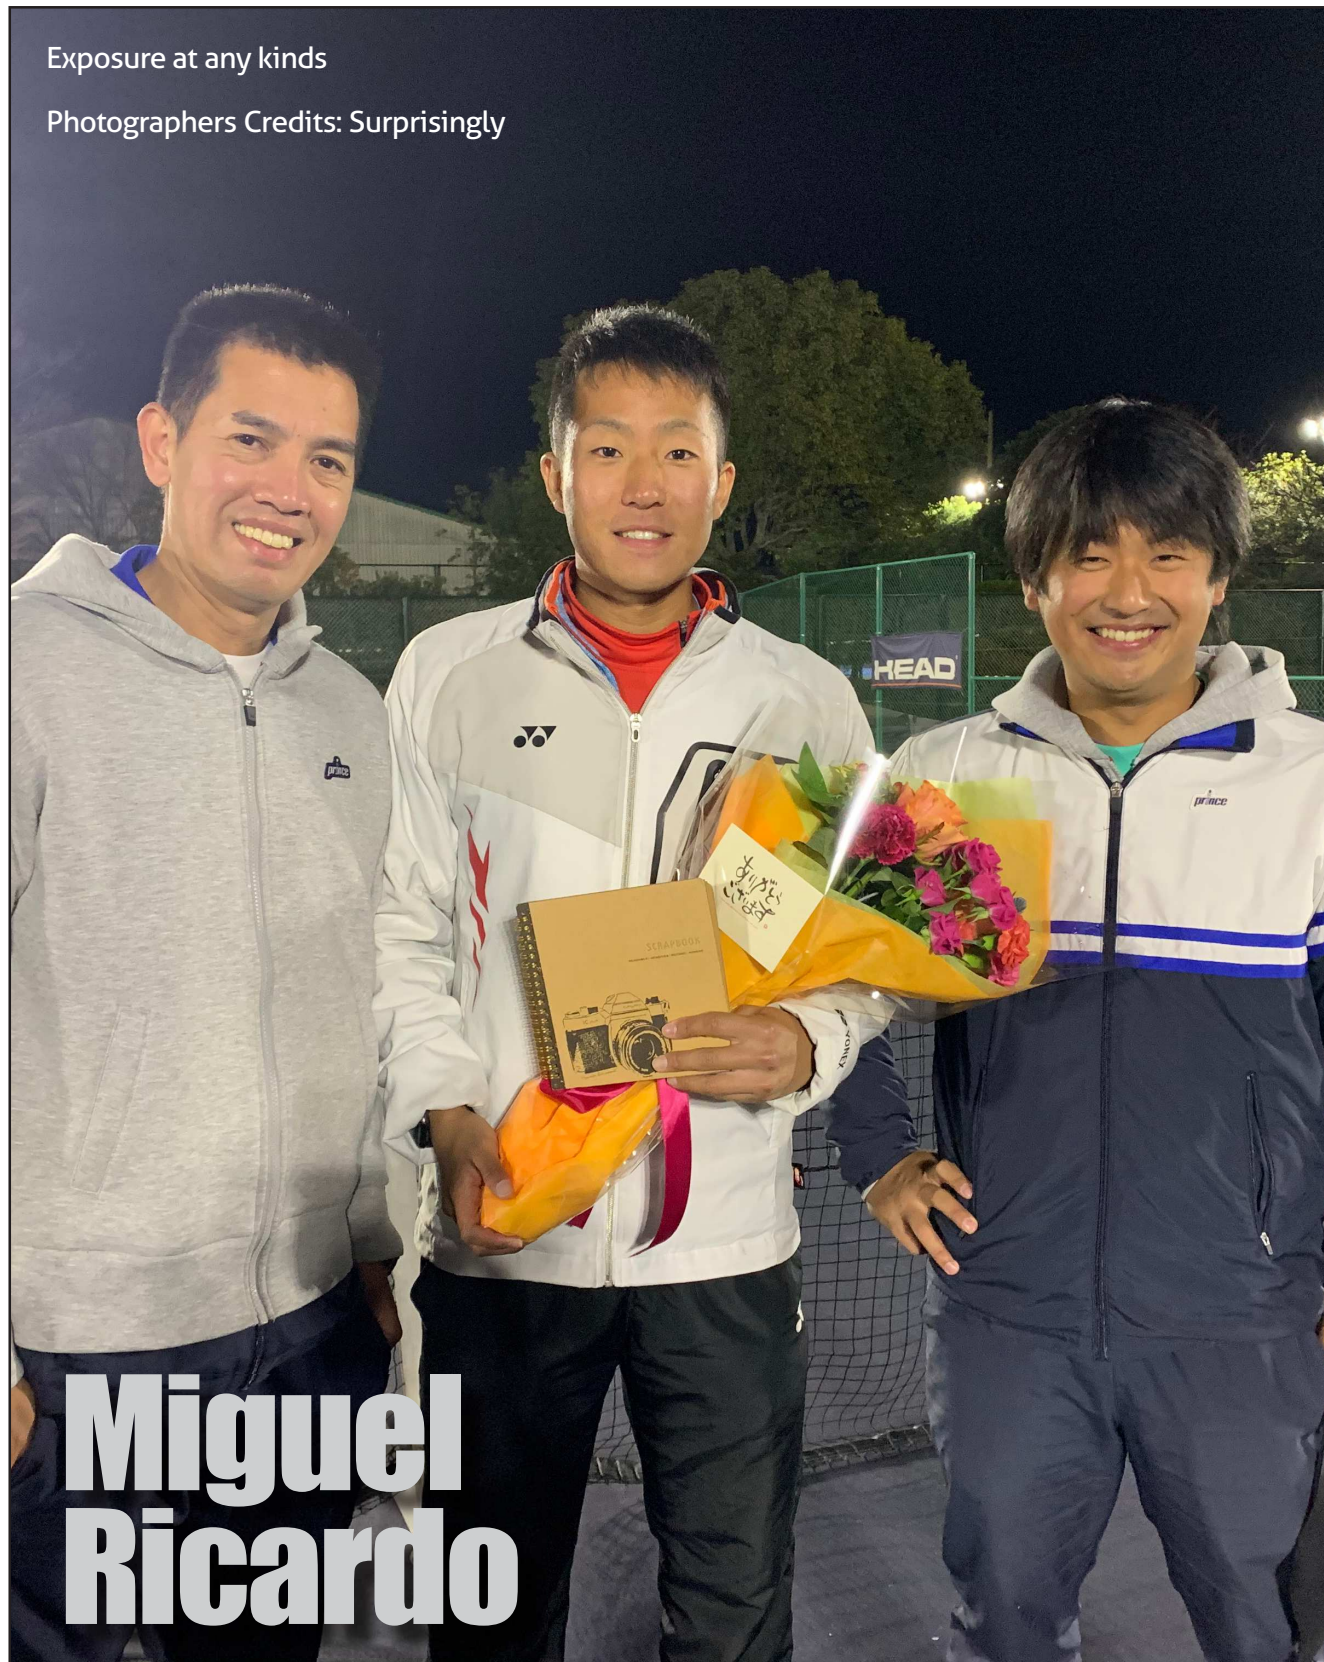

God has blessed me with soccer ability. My hard work improving my skills has earned me invites to national tournaments across the United States. My team won the Soccer Youth Golden Cup in Florida in 2022. Another team was a finalist for the Soccer Youth Super Cup in Texas later in 2022.

Frenkie de Jong and Christian Pulisic are my favorite players whom I model my game after. It would be a dream come true to meet them some day or even get a chance to play on the same field. Playing professional soccer and making the national team (either US or Netherlands) are my ultimate goals. Until then, my dreams and my goals keep me fueled to accomplish great things on the pitch in the beautiful game. You can find me on Instagram @LukasSports123

I started playing football when I was 4 years old on a Saturday morning and really enjoyed it, each week I couldn't wait to go to the session.

I've been a massive Arsenal fan since I was a toddler and have been lucky enough to go and watch them at the Emirates for my birthday. One day I would love to be playing like Buyako Saka, he is such a talented young player and if I could play like him when I am his age it would be a dream come true!

I wanted to play more football so I started training during the week with my coach Samir from Conquest Academy. I made huge progress in a small amount of time and continue to work hard to become a better footballer. I know there is always work to be done and I am always ready for

the challenge.

I now play for a Grassroots team on the weekend in my local area and I am having great fun playing tournaments on Sunday with other boys of my age.

I have won a trophy for 'Man of the Match' twice now and also an award for Most valued player of the week at a recent football camp I attended.

I have found a love for football and hope that my dreams really do come true one day, I know I will need to continue to work hard and progress as I get older but who doesn't like to dream BIG!?
