As a model I strongly believe in stepping out of your comfort zone. I always allow the capture of my images to flow as freely through me as I can. For me modeling is creating my

safe space. Its where I feel the most comfortable with myself.

I have always enjoyed dressing up in pinup styled clothing since I have always like to watch the older movies and listen to that type of music! I have that curvy figure and sure do like all kinds of food! As a big movie fan I also am told I look like Marilyn Monroe. She was one of my favorites! I have visited Paris and sure liked visited all the shops! I also live with a few on my girlfriends and we always go out to the movies! I do not have a car so I do a lot of walking which is healthy and I enjoy. It would be so exciting to live in Paris! It

would be fun to do an actual pin up shoot with a lot of classical cars, or trucks, or an old fashioned van. It does not bother me that I do not have a boyfriend since I have close girlfriends that I am always with. It is fun working in retail since I get to help ladies with choosing their outfits and they love my witty, cheerful, bubbly personality. Living in the city of San Diego sure is fun! There is always something to go to!

## Kelly Marie Jones

My name is Kelly Marie but people usually call me MJ just because I am always buying clothes, hats, scarfs, and my family and friends compliment my styles. They are know I am very fashionable with all the outfits I put together. It would be cool to maybe be a clothing designer. I also like to travel and meet all kinds of people. I have some

challenges due to my anxiety but I get a lot of support from church. I always keep a positive attitude and love taking my own photos as a hobby. I'll be turning 25 next month and will be celebrating it with my church friends.

My name is Valeria. I am 10. I am a professional tennis player. I do practice every day but lately I've got a new hobby-modeling and photography. I want to show you some photos from my last photoproject MATILDA. It was one of the most exciting projects I've ever had. I had to imitate the image of the movie character and express the whole drama of the image. I loved it immensely and now I am looking forward to have the next photoshoots. I do love photoshoots. Every photoshoot is a new challenge and I am totally enjoying it.

My name is Matt. I am a Bay Area, California photographer with aspirations of being published. I do not have a particular style that defines me, and if I like what I see I will take a picture of it. Lately I have had the pleasure of working with models, but the best part has been making connections that I talk with daily, and am lucky enough to call those models my friends.

My main challenge was doing this on my own. I didn't take photography or editing classes so it did take a lot of time and patience to really get a hang of it.

Mya Grace Litvak comes to us from Step with Style Dance Productions in Courtice Ontario Canada. She is trained by her mother who is a professional dancer turned studio owner! Mya comes from a big dance family; her father (Russian) and mother (Canadian) were both pro

dance partners, her Auntie Julia and Uncle Igor were both pro dancers in Russia, her Auntie Kayla is currently performing on Celebrity Cruises as a cast member and her Auntie Trinity was a dance instructor. It

doesn't end there.. Mya also gets to dance/train with her cousins; Sophie, Abby & Stryder as well as her lil bro Hendrix on Step with Style's competitive team. <3 What a big dance family! To say that dance is important to Mya is an understatement. Fun fact- she was only 4 days

old at her first dance photoshoot! As soon as she could walk Mya was dancing- SHE LOVED IT! She was on stage by 1yrs and competing by 2.5yrs! Mya is trained in MANY genres of dance

and this well-rounded training has lead her to achieve 1st overall awards, jacket titles and top competition marks/recognition in MANY different categories.

Mya's favourite style of dance is Acro and she loves all moves that include her bendy back. Mya finds her most difficult dance task is that of becoming more flexible, however she continues to work hard and try because "Hard work pays

off!"

One of Mya's favorite competitive career moments was earning the top Jazz mark from the entire competition weekend at Breaking Bounds-2020 \*from over 450 routines! Quite the accomplishment at the young age of 9yrs! She also loved her time as a member of Team Canada's Show-dance team in Prague 2018 where her team earned 2<sup>nd</sup>place against none

other than Russia!

Now 11years old Mya is looking forward to competing this season and can't wait to get back in the lights to do what she loves most DANCE! Mya endeavours to continue to Step with Style while she inspires others to be their best too! "Have a great season everyone!"- Love Mya Grace Litvak

My love for ice-skating started in 2019, when I was nine. I'm eleven now. I used to play football and rugby at the weekends on teams with my twin brother, but that summer, I needed something to do. I'd been ice skating before so I asked if I could do ice skating lessons. I started at my local Planet Ice rink where I worked my way through their Skate Excellence programme.

I've never looked back.

It was during these lessons that I was picked out by one of the instructors, who is now my coach. She saw something in me and I'm glad she did. Now, only a couple of years later, I'm training lots and have an ice dance partner, Lily. We've competed against each other in solo dance and have competed together as a duo in our local rink in Gosport, in the south of England. I'm really excited about competing with her in future dance competitions!

It's definitely challenging getting up early to go training at the weekends, but when I'm there, time flies by. And I can see myself improving every week, every month.

My greatest achievement so far – and it's only been a few years (less if you include the lockdowns that we've had) – was going to Sheffield last year to compete in the British Ice Skating Celebrations where I came second in my category.

I can't wait to go there again!

I've also won both the "spin, spiral, jump" competitions I've entered and came third in artistic duo dance with Lily at my local rink.

I'll be working on my general strength, especially my upper body strength, so that I will be in a good position to do lifts when I need to. This year my aim is to successfully land an axel and get through the solo ice dance series so that I can once again skate in Sheffield.

I am always enjoying getting new dresses so I wanted to submit to this magazine again the dress I am wearing along with the pretty jewelry I am wearing! I am from New Jersey and enjoy working as a waitress since recently I have gotten new customers and they have been leaving me nice tips which I appreciate! It is always a long day but I get through my days at work since I am such a people person! I also recently got more outfits so I will be also submitting those too! I also have

been doing other activities around my community such as churches and other non profit organizations. It is nice to just be friendly since people will trust you and they will listen to your life and you can learn so much about their lives! There is so much out there to learn and I enjoy learning different things!
