My name is Aliana and I am 11 years old. I have been dancing since I was 4, competitively since 7. My favorite styles of dance are jazz, contemporary, and musical theater. I love being able to express myself through dance. Competing with my team on stage is my favorite, I have so much fun cheering on my team and helping younger dancers. My goal is to continue to grow as a dancer and model.

I always wanted to model one day Brava use I looked up to my big sister . She models a lot and had so many photos that when u saw them or when she had a photo shoot I'd help her pick out the outfit and be so exited to see the photos it's always been a dream of mine since I was a kid .my mom also loved taking photos with cameras so I have to thank them both for my love for wanting to be a model one day..

I dream of cheering for Florida Gators. While earning my degree to become a veterinarian and hopefully one day open a animal rescue center, to help rehabilitate injured animals.

Hi, my name is Ferah. I dance for AZ Dance District in Phoenix, Arizona. I'm almost eleven and I've been dancing since I was two years old.

My dream is to one day be a teacher and a judge at dance conventions all over the world! Some of my favorite achievements are: landing my aerial, placing 5th for my first solo performance, receiving two photogenic awards and winning 1st place overall for a duet I did with my brother. Right now, my main goal is to perfect my new contemporary solo and hopefully win 1st place. Also, I would like to be able to do a full back tuck.

One of my biggest challenges is having to dance with a heart condition. It's called Supraventricular Tachycardia. Basically, my heart will start beating really really fast or really really hard for no reason - sometimes in the middle of the night! If it happens when I'm dancing, I have to stop and do handstands against the wall to try and slow it down. I'm having surgery to fix it very soon. Wish me luck!

My name is Briella and I am 11 years old. I have been dancing since I was 6 consistently. It's been challenging for me to find balance with school and friends being a competitive dancer, but my dance family has become my second family. I love to travel around the valley and improve my skills with master classes and extra conventions but we are on a tight budget so usually I just practice really hard and make the most of what I am able to do. My biggest achievement so far has been nailing my stage presence. No matter what is going on at home or anywhere or what mood I am in, I walk on stage and just dance it out. Right now I'm working toward getting en pointe! I can't wait

dance en pointe because I come from a family of dancers and I can't wait to live this dream with them. When I grow up I want to be a professional dancer and dance all over the world and inspire others to follow their dreams. I am so thankful for God blessing me with my supportive family, my

studio directors, choreographers and my teammates. I can't wait to see what my future holds!
