Diego Flores

I'm Diego Flores, better known as massacro, I'm a tattoo artist from Santiago de Chile, I've drawn all my life and tattoos came into my life at school when I had my first encounters with some tattoo artists through social networks and I liked their way of make art on the skin the truth was I was surprised, and I did not expect that it was possible, from there I started working to buy my first machines, I started tattooing in my bedroom a few years ago, and today I already have my own tattoo studio with my friend Bastardometer, the studio is called Luna Tattoo Gallery, I have learned from the people I have worked with and from myself, my work is based on surrealism, I feel inspired by ancient artists, in nature, in experiences, in taking my knowledge and combine them with the anatomy of my clients.

My goal is to travel and meet artists from all over the world, share, learn about their visions of tattooing, their cultures and work techniques, I feel that this is the most important thing to nourish us with experiences, it makes us see the world from other perspectives.

And it translates into knowledge.

I am eternally grateful for this profession that has made me grow both personally and professionally, it has become my lifestyle, it is what I live, and I have in my head 24 hours a day because I want to give everything for this art because I love tattoos and I feel totally free to express myself in my work and I feel that this is reflected in my tattoos.

Today in my career I want to further expand my work around the world, I would like to work in the USA as there is a great tattoo culture there, strong artists who work in my style and I would love to share and collaborate with them.

I want to thank INKED REVELATIONS for giving me space and sharing a bit of me in their magazine.

Faye Delune @

Faye Delune

My names Faye Delune, and I'm A Professional Model, Promoter and Photographer, (Delune Photography) of over 10+ years, but I'm really just an all around creative person and artist. I make a lot of different forms of content and art. Online Content is my main form of art tho. Honestly my dream is to just make art, and make others happy, but really, If I can spark a reaction of any kind from my art, then I've met my goal. I'm a huge nature lover, who's obsessed with all things astrology and space. so I try my best to incorporate nature and astrology into my work. But really, I just love bringing ideas, and stories to life with my art. Almost every image of either me, or my photography, I try to convey a story within it. "I'm A Blank Canvas, Give Me A Story To Tell." / "Lets Tell A Story." / "A Story Within Each Piece" Are the phrases I Use To Describe My Art. For the past 10 years, I've been studying and learning Photography, Modeling, Promoting and Marketing at The Professional Level and really enjoying the artistic aspect of it all. In 10 years, as a model, photographer, and Promoter, I have had the honor of being featured in/on countless of Magazines, Runways, Commercials, Editorials, Catalogs, Websites, Social Medias, and more! I have also worked with several Brands, Companies, Businesses, Artists, Designers, Bands, and more! Through the years, I've had the pleasure of meeting a lot of very cool, interesting, and kind people. I'm a social butterfly, so obviously this was heaven for me. People leave impacts on you, and this job of mine, regardless of if I'm the model, photographer or promoter, it allows me to meet lots of people, who usually leave impacts on me and vice versa.

I love making art, and love showing it off.

I hope you enjoy my work, and I welcome you to my world.
