April

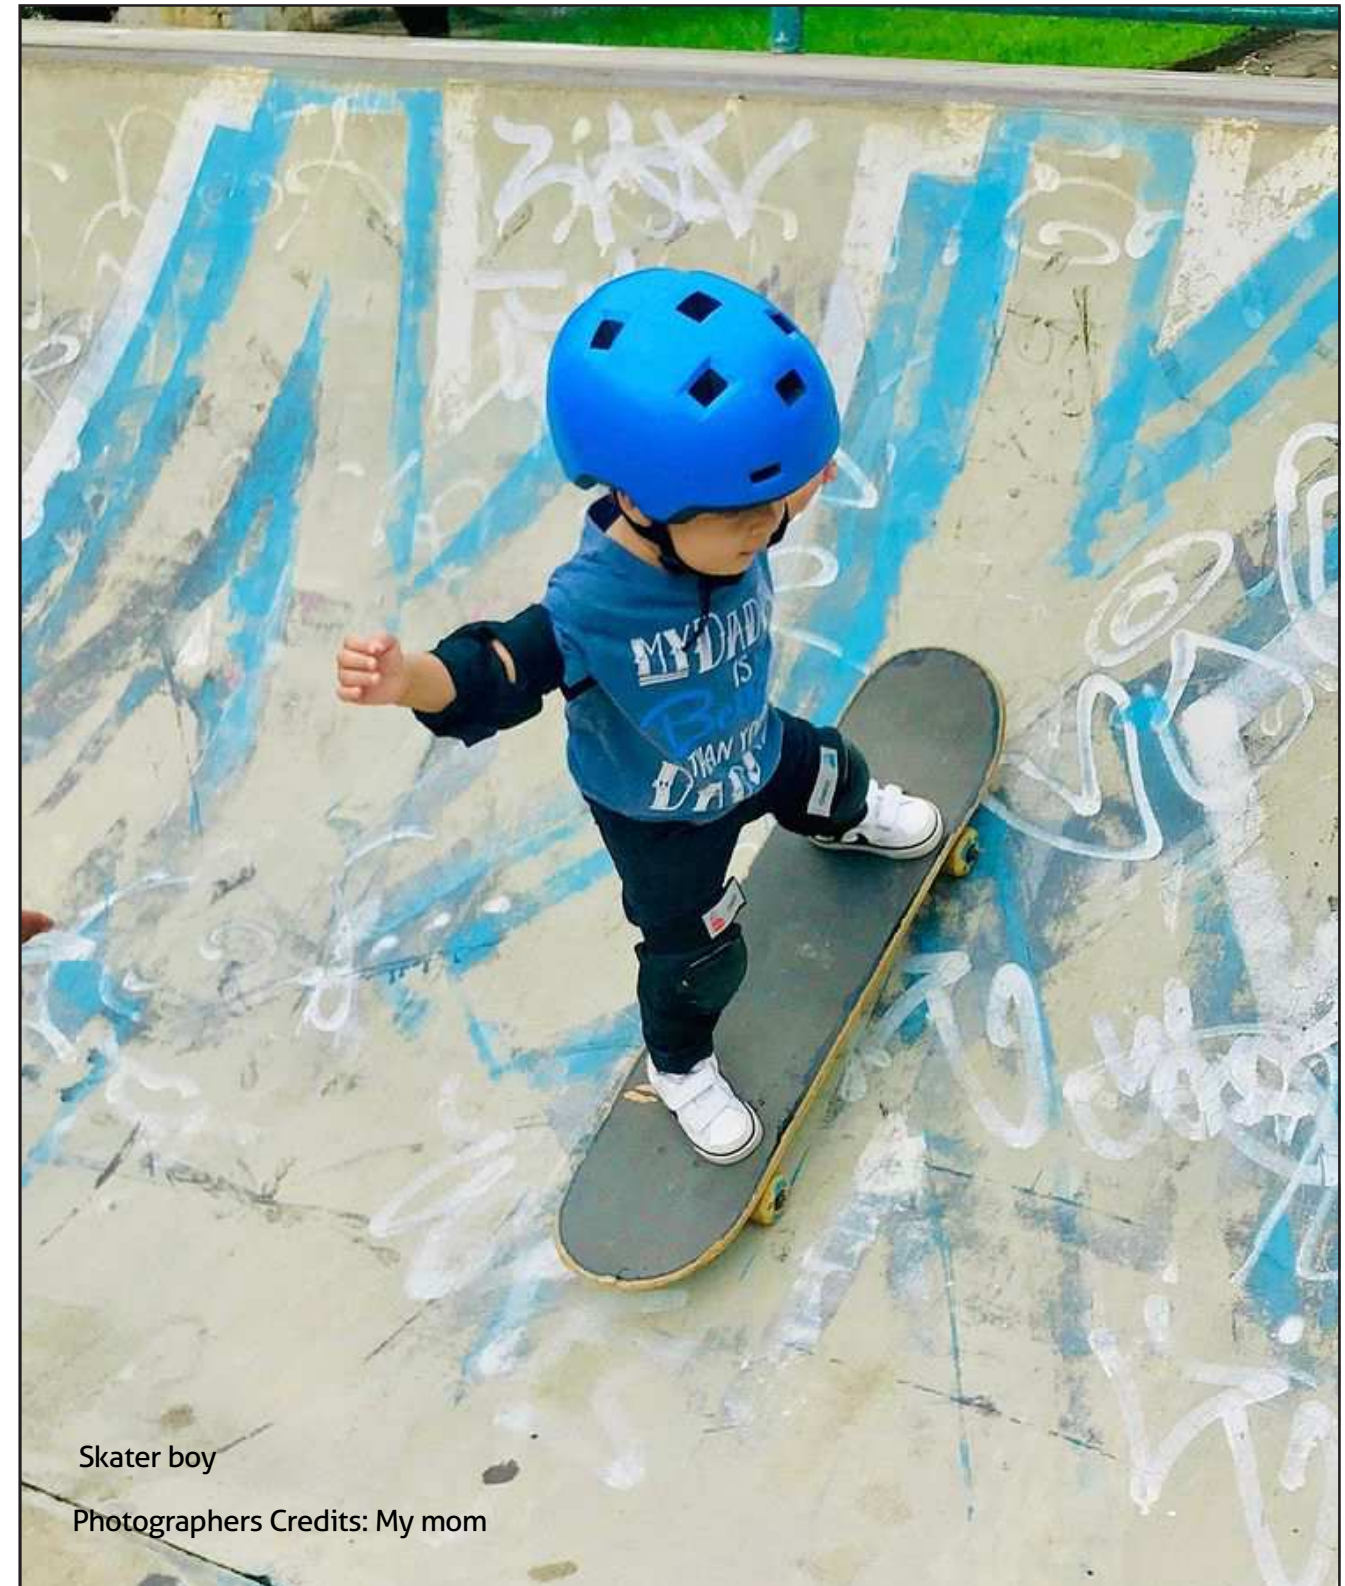

I've been skateboarding for about 2 years now, i love skating and i really enjoy park skating. I've travelled around sydney australia going to different parks and challenging myself with different bowls and tricks.

Braxton Sofos

Hi I'm brax I'm 9 years old
I've been skating for 6
months

Tereza Havlikova

Cedric Tan

I'm 11 years old and I've been surfing and skateboarding since I was 3 years old. I dream of one day being able to go to a megaramp and be able to feel the sensation of flying so high above the ramp, and someday being able to compete in the Olympics or X Games. I hope one day to reach my peak and achieve my biggest dreams.

Skateboarding is my favourite sport - a sport i would never chose anything over. I started skating in April 2021 and it has really changed the way i see skateboarding. I would look at others and be like "woah how do they do that? they must have been born with talent" but then i realised that if i put my heart to it I could do it too. I am not a professional skateboarder nor am i the best in the world (of course i'd love to be one day) but that doesn't matter to me because I love to skate with my friends and have fun more than competing against each-other. When I am skateboarding i feel free because there's nothing that i need to do properly. I can make up my own things and do what i want.

I do lessons with level up skatepark which is an indoor skatepark on the gold coast. If i were to be honest Level Up is my favourite skatepark and all the coaches there are so amazing and supportive to everyone and I wouldn't be doing what i can do today without them.

My goal is to continue progressing and see how

far i go. I want to learn bigger and better stuff in the big bowls and learn how to skate vert ramps. right now my favourite trick is disasters and carving around bowls because I go fast and feel like i'm free. I get inspired by my skate friends and my coaches who have always supported me and have helped me grow since day one.

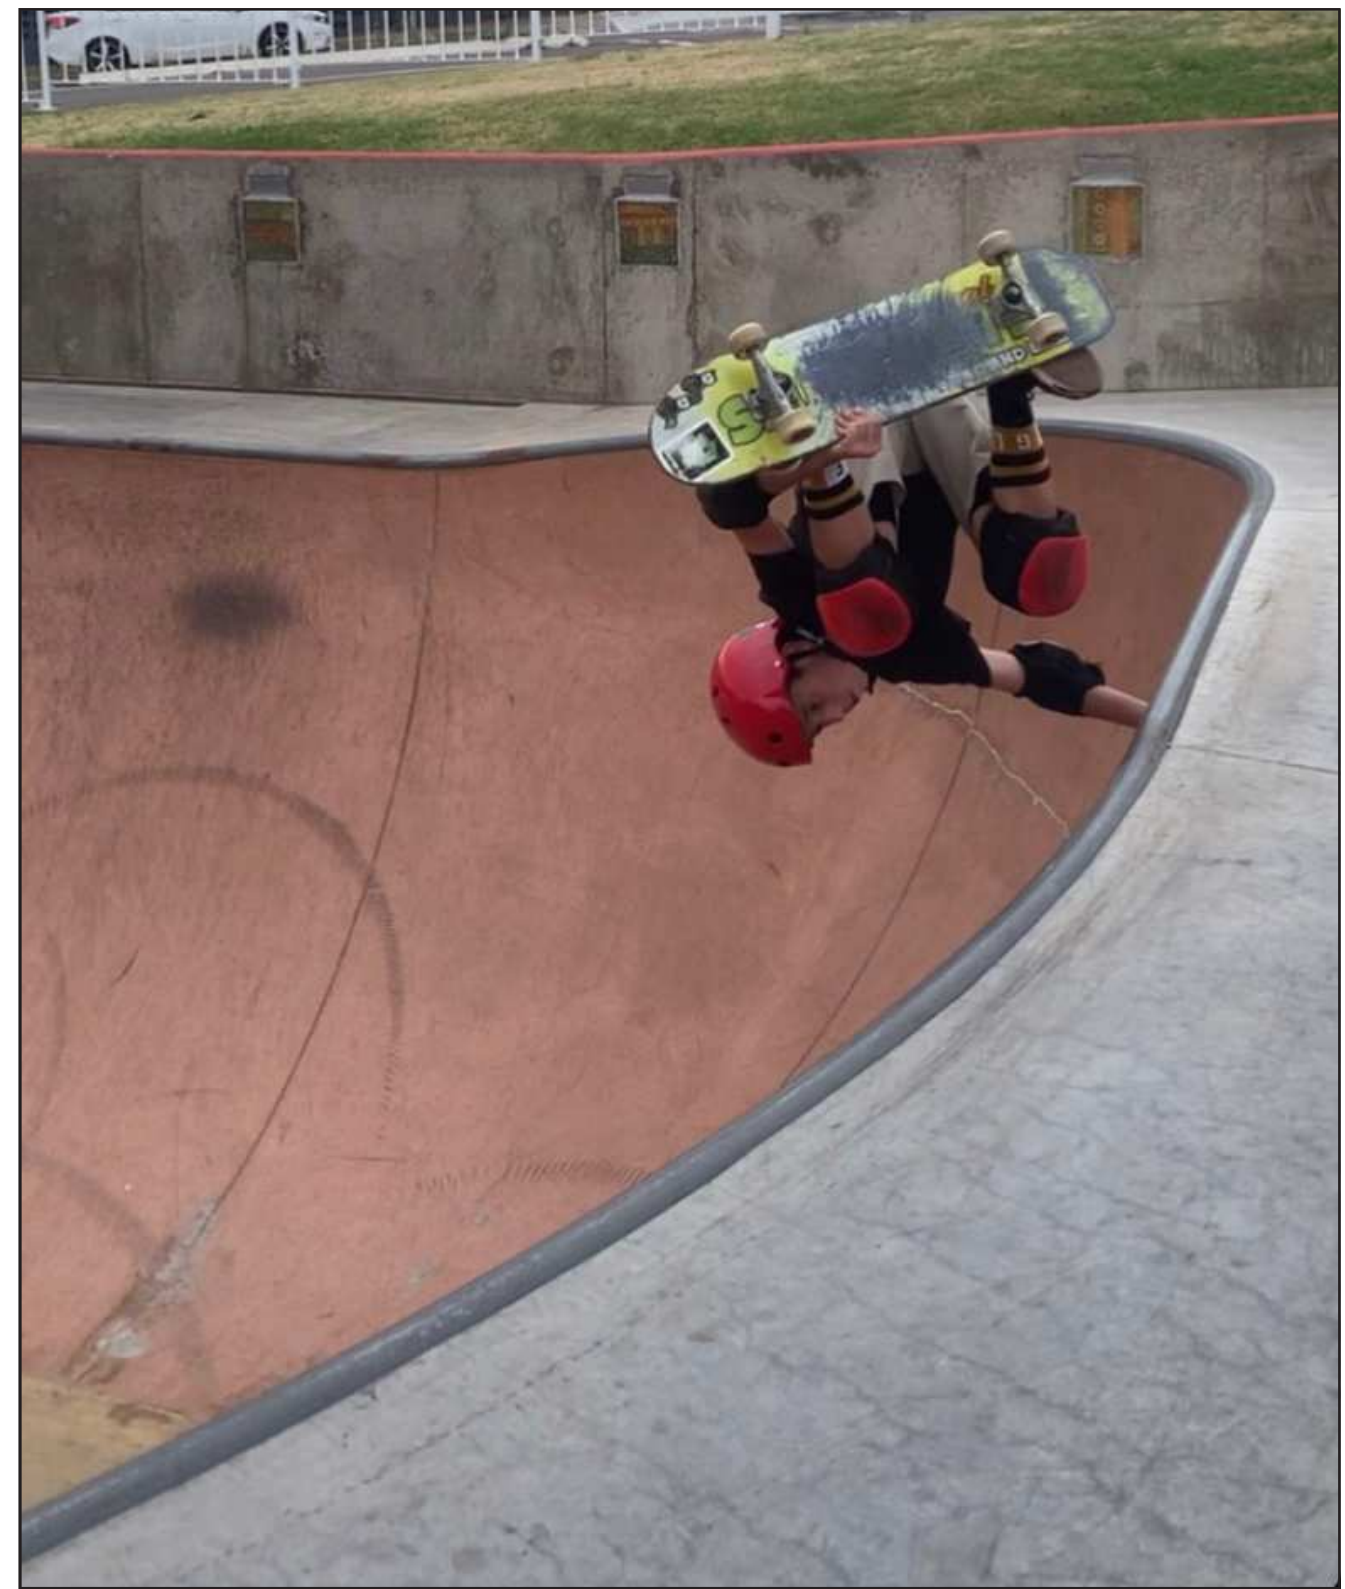

People always ask me how I have the confidence to drop in and try new tricks and if i am honest it's never easy. Lots of days I spend my time at the skatepark standing at a big drop in trying to fight my fear and just do it but sometimes it doesn't happen but that's ok. My only advice is to try your hardest and that no matter your level you can do anything you set your mind too.

To finish this off skating has changed my life it's made me the happiest to come home and go skating and I can't wait to see what my future brings

Taj Bartle

My name is Taj Bartle and I've been skateboarding since I was 6 years old and I am now 13. My dream goal is to become a pro transition skateboarder and go to the Olympics and X-Games. I've recently came 5th in a skate competition at Coffs Harbour, Bowlanana, and am keen to go to more competitions this year. Also not to long ago last year I picked up two sponsorships a skateboard deck brand called SLUG SKATES and a clothing brand called HERETIX AND FAM.

My local skatepark is Bateau Yard on the Central Coast which has a sick bowl, mini bowl and street area, all we need is a vert ramp and would be my dream park. In saying that our community is so lucky to have such a quality skatepark as our local - I mainly like to skate the big bowl and practice my airs and technical tricks. We've got a sick crew of riders that all love to skate at Bateau and are pushing each other hard to improve.

Leila Bellamy

Aspire to progress in my skateboarding with the hope to enjoy it as I grow older and travel the world with skateboarding.

Currently I'm sponsor by local skate shop southtownskates.com. Awesome people behind this shop that supported the local skaters in Malaysia.

The whole Pandemic period has being mind blowing. As a 9 year old, it is mentally draining confine to home and unable to interact or play

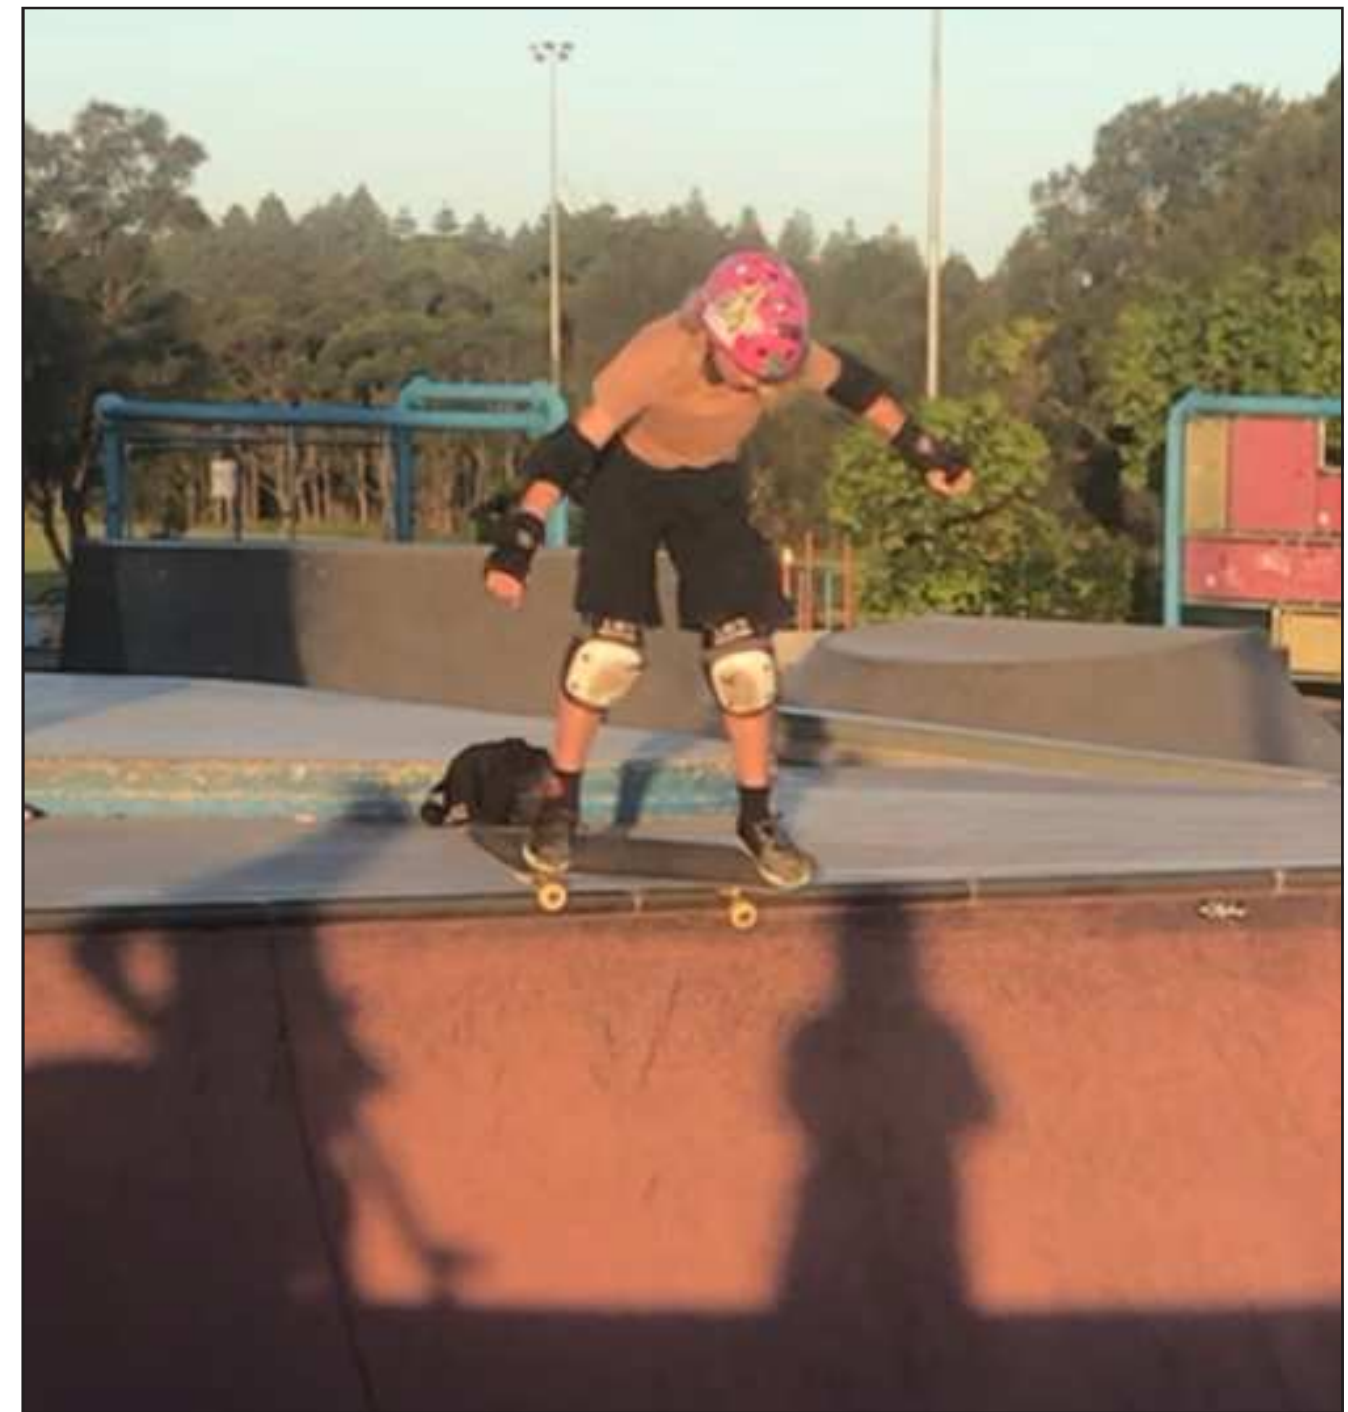

with my friends. People don't see that, coming from a child but it is. A child is very much effected as adult during this period. I'm glad my dad still able to find ways to bring me out to skate safely. Stay safe.. but also stay sensible. On the flip side, we get to skate some wonder spots that are not possible on regular days.

Lastly I would like to thank the local skaters who guided and help me along the wayA

Gael Quintana

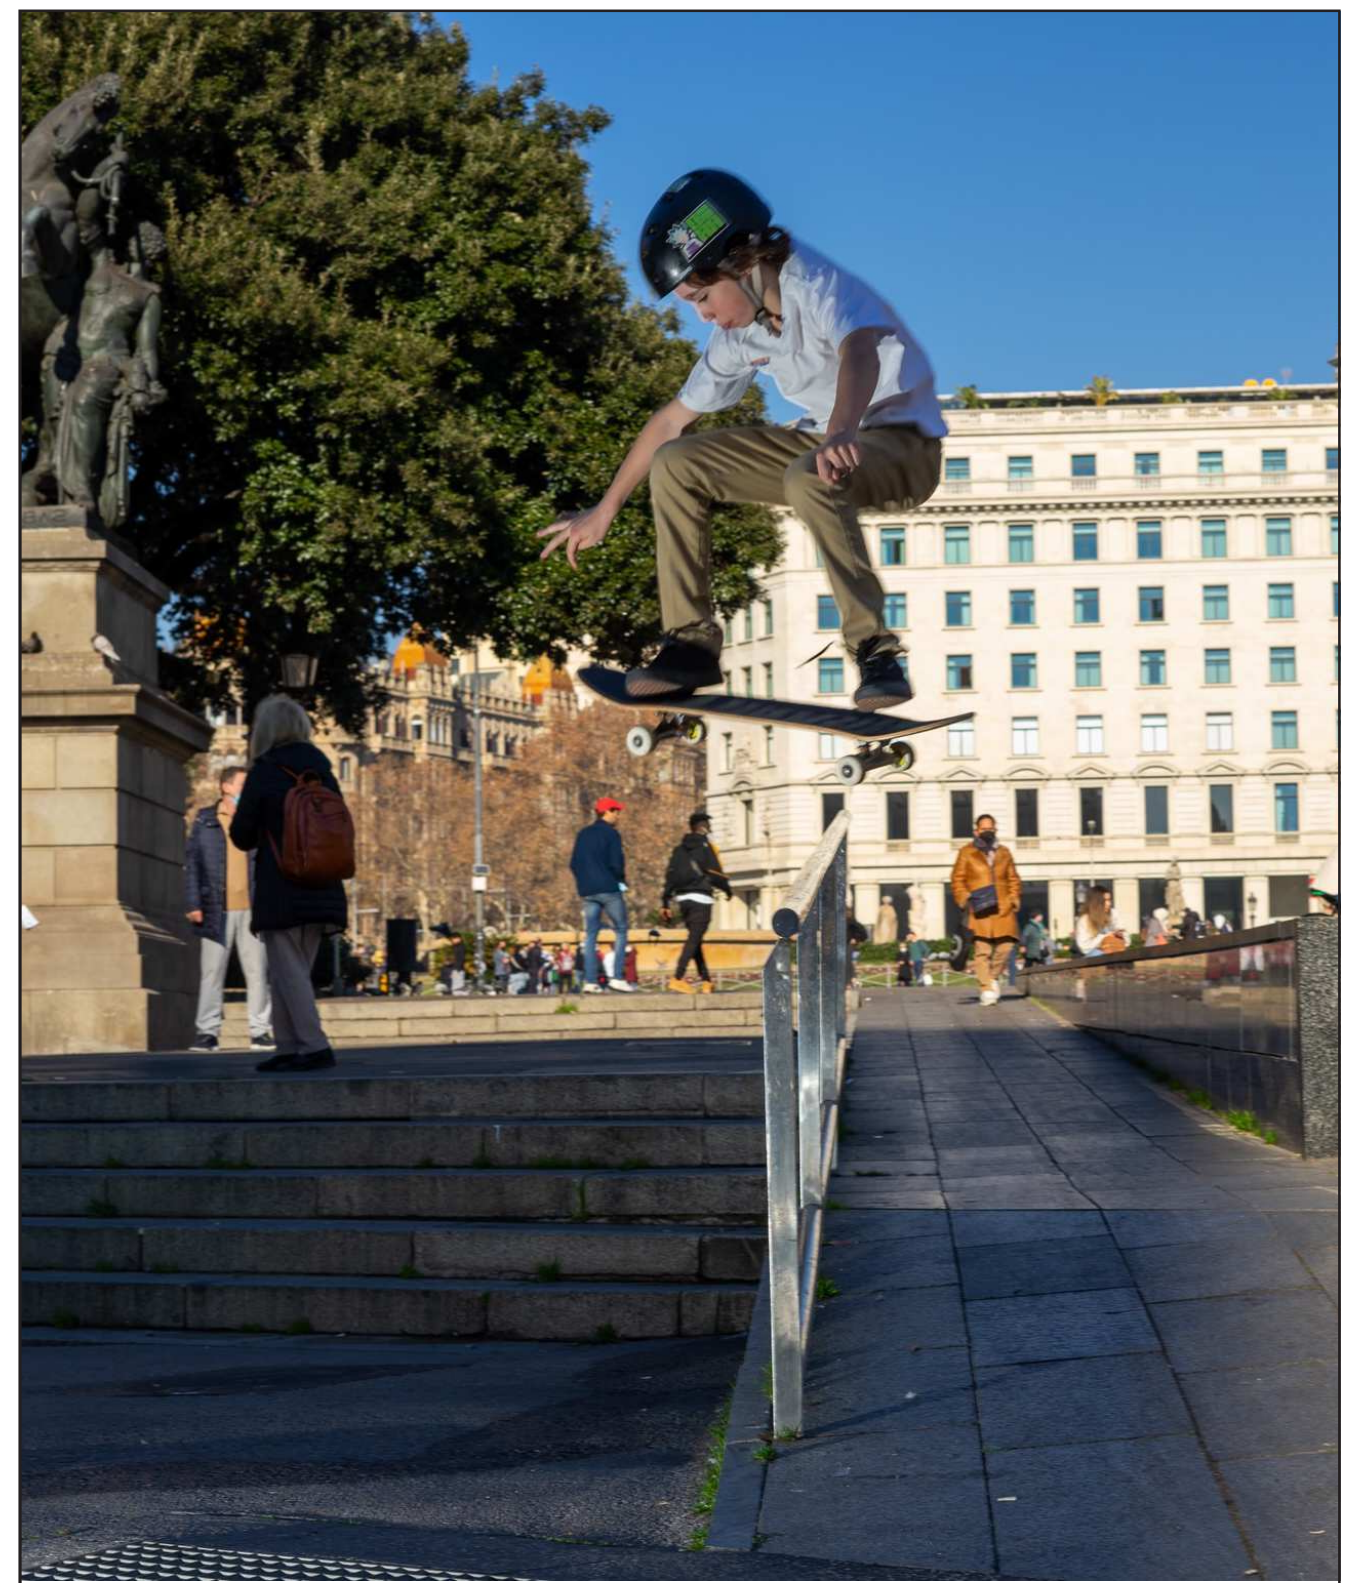

My dream is to become a professional skateboarder and possibly even make it to the olympics. My biggest goal right now is to get sponsored. One of my biggest achievements was learning a bunch of new tricks, but I have faced a lot of challenges throughout my 3 years of skateboarding especially having a lot of fear before trying something new.

Gael Quintana

Gael Quintana

My name is Gael Quintana , and I am 10 years old. When I was 3 years old I was seeing the whole day to my brother Roger, who was 14, with his skate trying to get a flip. One day, I jumped into the skate.. and my whole life changed. I really like skateboarding. My dream would be participating in a SLS game and also becoming an Olympic skater. I belong to the ARC (high performance Catalan skate squad). I have practiced my favorite sport in Paris (Espace Glisse 18), in London (I love Bay 66), in Sardinia..

Furthermore, I have participated in some nice competitions in Spain like Mariquiño , in Vigo or the Extreme Barcelona. My favorite trick is tresflip, and right now I am trying to improve this trick.

MACBA, in Barcelona, is also one of my favorite places to skate, specially the big 3. What is really wonderful of this sport to me is that I have got a lot of new friends that would be also skating the whole day just to have fun.

I am really fortunate because there are a lot of nice spots in Barcelona, my home city, therefore I try to visit different skateparks to learn a little bit more in each one.

I dream with skating in US, in Los Angeles to be more exact. I hope my parents can bring me there one day!

Gael Quintana
